# Welcome Message from Head

To 2022/23 Freshmen

The "Orientation Day Camp" will take place from August 29 to August 31. It is organized by our college students. Students will discuss topics about studying and university life, and share their experiences and insights.

On the other hand, the "Inauguration Ceremony for New Students 2022" will be held on August 29, the first day of our Orientation Day Camp. I will introduce to you this big Chung Chi family and some of our staff and faculty members. It is hoped that you will have a brief idea of the college life afterwards.

I wish every one of you will join these orientation activities, and better prepare yourself before your life at university starts!

My heartfelt welcome to you, Chung Chi people!

Fong Wing Ping  
Head, Chung Chi College  
The Chinese University of Hong Kong

# President's words

To all Chung Chi freshmen:

Hello! I am the President of this year's Chung Chi Orientation camp, aka Big OP, Ah Sir! Welcome to join our Chung Chi family! I am glad that our college can have some new faces who are full of vitality. Bringing a new atmosphere to our Chung Chi campus.

During this period of time, we all know that it is difficult to live with non-stop epidemics. In Chinese, the adage "one war has not settled, and another war has arisen" would be the best to describe the situation. After the heavy public exam, we should have gone traveling, played, and relaxed. Unfortunately, the epidemic has left us no choice, we only could stay at home with nothing to do.

The Ocamp theme this year is "Reignite". Besides bringing back the prosperity of Chung Chi we had before the epidemic, we also want everyone to put their aspirations into practice. During this challenging period of the epidemic, many dreams have been hindered by the epidemic and cannot be realized. What exactly does the dream mean to you? It's time to face your destiny! In our Chung Chi Ocamp, we will bring you all a new beginning. Not only a new beginning for your university life but also a new beginning after you have been through the epidemic. Awaken everyone's forgotten dreams and give everyone the motivation to achieve a better self.

Although we were not able to bring you the traditional four-day orientation camp this year, which is a situation that we are not happy to see, but our executive committee members have worked their best to prepare for this three-day camp. In the Ocamp, we will have a variety of activities for everyone to play. Hoping that all of you can meet some new friends and know more about your own self.

You may ask, why Chung Chi Ocamp is different from other colleges. I would say all Chung Chi students can be so proud to answer you: we are not only an activity for you to play but also an experience that allows you to achieve a better self. In our Ocamp, we will have a special part - the Main Theme. We hope that through the Ocamp, we can build a bridge between Chung Chi-ers and inspire you to settle your difficulties. The word "university" will no longer be unfamiliar. Our Ocamp will make you adapt to this foreign environment and flourish your university life.

I hope you all understand that we are trying our best to prepare for this event despite many restrictions and difficulties. Our three departments, Training, Entertainment and Promotion, and Internal Affairs, have been preparing for you for a few months, just want you to know that the support from Chung Chi. Moreover, please help me to take care of our Ocamp student helpers. Support their hard work that has paid for the whole summer holiday. As long as you are getting involved in our activities, we will be very delighted and satisfied already.

Finally, I wish everyone "peace in the chaos". Take good care of your health and hope to see you on campus soon. May we appreciate the great things in the bad time.

President  
Ah Sin

## Editor's note

Dear Freshmen,

Welcome all of you here in Chung Chi, this means you have started a new chapter of your life after those busy high school years.

I'm sure you all have once dreamed of being the "cool kids" and having the "Perfect Uni Life". But remember, there's no benchmark on how your uni life should be like. Living your ideal uni life doesn't mean you have to go with a flow that you feel uncomfortable with. Stick with your own pace, then you'll figure it out eventually.

Although things are still restricted in all kinds of ways, we're really lucky to still get the chance to organize such a whole orientation event. Again, welcome to Chung Chi and we shall see you in CU!

# Introduction

漫漫長夜，屹立明燈，使命苦不辜負。

# Chung Chi College history

Chung Chi College was founded in October 1951 by the representatives of Protestant Churches in Hong Kong to fill the need for a local institution of higher learning that would be both Chinese and Christian. In 1955 it was formally incorporated under an ordinance of the Hong Kong Government.

The College had a very modest beginning with only 63 students in the first year. It used borrowed and rented premises, first in the Cathedral Hall and St. Paul's Co-educational College on Hong Kong Island, and later on at No. 147 Caine Road and in the Bishop Hoare Memorial Building on Lower Albert Road. Expansion was made possible by financial help from North America through the United Board for Christian Higher Education in Asia and the Trustees of Lingnan University, and from Britain through the Asia Christian Colleges Association. Local churches, firms and private individuals also gave considerable support. In 1956 the College moved to its permanent site in the New Territories, in the beautiful Ma Liu Shui Valley. In 1963 the College was incorporated as one of the three founding colleges of The Chinese University of Hong Kong.

## Aims

The College aims to provide higher education in accordance with Christian traditions, using the Chinese language as the primary medium of instruction. It seeks to promote Christian faith, learning and research.

## college emblem

Drawn from the Nestorian Stele in the Tang Dynasty, 8th century, the emblem design consists of a Nestorian cross with a flame standing upon a lotus amidst a dense cloud.

The cross, the flame and the lotus symbolize the Christ's life, a light in the darkness, and his holiness respectively, while the dense cloud heaven. The pattern has strong implications in Christianity in the East, and integrates Chinese and Western cultures. The College's name "崇基" and its motto "止於至善" are engraved on the emblem in Small Seal Script (小篆 Xiao Yan), a style of calligraphy originated in the Qin Dynasty, 3rd century BCE.

# College Motto

Chung Chi College's motto "In Pursuit of Excellence" (止於至善) comes from The Great Learning《大學 — Da Xue》, one of the "Four Books" in Confucianism. It is found at the last part of the opening sentence, 'What the Great Learning teaches, is to illustrate illustrious virtue; to renovate the people; and to rest in the highest excellence.' (大學之道 在明明德 在親民 在止於至善) [English translation: James Legge]

The pursuit of excellence is an eternal endeavor. The college motto upholds the spirit of life-long self-improvement in humanity, and the humble and liberal attitude of "never assuming one has achieved perfection".

# 善至於止

# Notice

# Rules and Regulations

1. Bring along with your crucial belongings all the time, never leave your properties in the classroom; if there is any lost, no any responsibilities will be taken up by the organiser.
2. Never conducting any water-related activities
3. No alcohol is allowed in the camp
4. No Smoking
5. Never light a fire in the campus

## President Ah Sin ELEG/4

Let's talk about something casual: In our Chung Chi Ocamp, you better play hard in our activities. We don't care if you are doing something crazy, the most important thing is that you are willing to play. In the coming three days, I hope to see you all! Have fun! Anyways, I wish you all the best to enjoy the Ocamp with the people around you! Looking forward to seeing you all having fun! See you at the Ocamp!

## Internal Affairs VP SIUMAI SEEM/4

Hello all freshmen! Welcome to the fun, exciting Chung Chi College! I am Siumai aka Genereirebut no one can pronounce my name correctly:), the Vice President of Internal affairs. Why is my nickname Siumai?? If you wanna know, catch me if you can!!! ~^v^~

During these three days, my committee members and I will be busy setting up the activity venues and preparing your meal. We wish to make sure all of you will not be hungry and hot ( ͡° ͜ʖ ͡° ) Feel free to chat with me hehe><

As a freshman, this will be your first activity in Chung Chi College. Here you can find a lot of opportunities and activities to fill up your fruitful university life (I am a final year student now and I still take part in the executive committee. :D) In the new semester, you can join your hostel's orientation or ccfd! Chung Chi is a place that all will play hard and join different activities. So, enjoy the first activity in Chung Chi~!! See you :DDD

## Training VP KATHY NURS/3

Good morning~ Welcome to Chung Chi College! I am Kathy, the Vice President of Department of Training. Nice to meet you all!! During these 3 days, you may recognize me walking around and "spy" you guys :>>> Don't hesitate and don't be shy! Come and talk to me!!! As a freshman, have you ever think of an ideal ocamp? To be honest, we may not exactly same as your thoughts but you are encouraged to actively participate in our Ocamp and to find out the beauty of us~ You will meet your best omates and counsellors ever here who are going to be with you in the coming four years

\(★w★) Isn't it sounds great? Four years can be short for every of us, please treasure every opportunities and never regret! At the same time, Don't forget to plan for yourselves about future, though you may find it difficult. Being a student of CUHK, try to consider more and recognize yourselves. Now, it's the prologues of your journeyes, be passionate and hopeful! Wish your all got a fruitful university lives and see you~

Mansuen VP  
Cream STAT/4

Hello freshmen. I'm this year's Mansuen (Recreation and Promotor Department) Vice President. I major in Ying Lin and minor in Morra of fire. Welcome you all for joining the Chung Chi family! There are many possibilities in Chung Chi. Want to live a hostel life? There are ten hostels in Chung Chi. After getting into any of them, whether you want to engage a lot or not, that's all up to you. If you're willing to join, you may as well make a group of friends who will stand by you for 4 years or more! Are you very good at academics? Chung Chi's got a lot of scholarships! Want to join college activities to make friends with people with different backgrounds? You can join activities like ccfd, Fu CUP, ocamp, etc. Want them all? Then it depends on whether you're willing to give correspondingly! All in all, the opportunities are all given, whether you grab them or not all depends on you. No one can tell you what the model answer is. But I'll encourage you to try, because every one of you can experience university life for only once. Don't regret after choosing your own path!

Now let's talk about Mansuen! We've prepared a lot of amazing programmes for you guys. Remember to be involved and enjoy! And remember to get along with our Mansuen Big brothers and sisters!

Hih! Hello freshmen! I'm this year's Nikki executive, Longbun. I major in Ying Lin and minor in Big Two! I would like to firstly welcome you all for joining the Chung Chi family! Speaking of Chung Chi, most people will immediately think of the numerous activities, such as ccfd, Fu CUP, different hostel activities, etc. Whether you participate in these activities or not, whether you had fun or not, you'll live in Chung Chi for four years or more. Cherish the days in Chung Chi. Play hard if you want. Study hard if want. You'll always find a group of like-minded friends in Chung Chi. The Great Treasure of Chung Chi is waiting for you to discover. How much you give to Chung Chi, how much you'll get from here. Don't make yourself regret! Entering the university, no one will teach you what to do. What's next step? Think by yourself, university students!

Enough of all that stuff, let's talk about Nikki! Nikki will be responsible for freshmen welcoming, treasure hunt and folk song (There's no "Up to the mountains" this year). Hope that all of you can enjoy the series of amazing and fun activities! Remember to run faster during the treasure hunt! Or else you will be at a disadvantage. And remember safety first. Don't injure yourself!

Nikki  
Longbun SEEM/4

Genki  
Botou PHPC/2

Hello our Chung Chi freshmen! I'm this year's Vshow executive, Bunsen. I major in Ying Lin, minor in Chinese Medicine.

I would like to firstly congratulate you all for finally getting through 3 years of online high school life and entering CUHK (although we might go back to online teaching again). I hope you all can learn something in this new journey. But if you asked me what I've learnt in these three years, actually I can't really tell what I've learnt exactly. What I went through in these 3 years are on and off hostel life, zoom lectures, etc. The only thing I'm entirely sure is that I've got a lot of unforgettable memories. For you guys, you can start from this Ocamp, bit by bit, to gather your own memories. If you're willing to try, I can't promise what you can learn, but after some years you'll definitely got a lot of friends to have fun and play together. The years on university will never be wasted.

It's very fortunate that a 3-day day camp can be held this year. Although it's still not a full-scale ocamp, but it's already more complete than last year and the year before. Our ManSuen big brothers and sisters have tried their best to prepare a lot of things for you guys. Remember to mark them on your schedule to keep track of them!

One more thing, the pandemic situation is rotatile, so remember to keep your personal hygiene and take good care of yourself. Hope to see our freshmen fit and healthy in the coming year! By the way, there are fewer and fewer campus activities these years, hopefully the Fu Cup would be held in the coming year so that seniors like me can join :(

Heyyyy!!! Hello our beloved FMBBS. Here comes our annual ocamp! My name is Botou. I major in Ying Lin, minor in fishing (sleeping). I'm this year's Genki executive. Did you all get enough rest last night? This 3-day day camp will be quite intense. But I know you guys can cope with it, because you guys already got through the more intense entrance exam, what more can challenge you? I would say that you are all the chosen ones. Not only do you guys entered CUHK, but also entered Chung Chi. This place is full of unknown treasures. During these years of school life, you can find your own treasure. The university life of every university student is different. The times are changing. We can't always follow the steps of our predecessors. But I believe that if we're willing to try, willing to take the first step, nothing is impossible. Every single one of us have the ability to create your own path and find your own university life!

Enough of all that stuff, it's time to talk about my division, Genki. This year we've prepared two mass games for you guys. They are the intense quidditch and the pacy Bowling. You'll definitely want to play more than once! Also, campfire dancing will be resumed this year, hope that you guys can enjoy dancing with our ManSuen big brothers and sisters.

## House Captain REX IBBA/2

Hello everyone who has entered Chung Chi College! I am the house captain of Clarice, Rex. Knowing that everyone has not experienced Secondary school life during the two years of the pandemic and Zoom, it must not be easy for everyone to take the DSE exam and get into Chung Chi College. For now, it is most important to enjoy life. One hundred college students have one hundred kinds of life. The most important thing is to understand your own goals. Don't just follow the crowd blindly!

Looking back on the past year of college life, a lot of things have gone by in a blink of an eye. Therefore, you must learn to spend your time, make good use of the various resources that Chung Chi has, and get out of your life. I also hope that you will grasp the fate of your job, because Ocamp is only the beginning of the relationship. See the word drinking water.

When the ocamp is over, remember to make an appointment to get together! Except for having breakfast, lunch or dinner together, we can also get assembly together, it's better to call me join also! Although I haven't been able to join the group for the past few days, I actually really want to meet everyone! So in the future, remember to call me to join your group gathering.

Helloo freshman babiessss~ I am the house captain of Leviathan! It was such a tough time for you guys over the past few years because of the pandemic... But you guys already done a great job! Having zoom lessons almost every day in your high school life and still got to fight for DSE is definitely not an easy job. But you guys did it. Moreover, you came to Chung Chi college, which is sooooo nice.

What's your ideal university life? Having fun every night in your hall? Working part time job as you have much more free time than before? Or studying courses that you are interested in and learn more about them? Nonetheless, I believe here in CC, no matter what your ideal u-life is, you can always find a comfortable and suitable one in here.

Little more about myself, I like eating CC canteen a lot. So, if you see me there in the future, feel free to say hi with me! Don't be shy ad. I will definitely respond to you haha. We can chat more if you want tooooo~ Enjoy the three days in this camp~

## HOUSE Captain RONALD SOWK/2

## House Captain Siujoe CSC1/2

Hello every beloved fm!!!

I'm the house captain of Sempiternal Siujoe!  
How are you guys? I'm fine thank you and you?  
It's been a flash looking back at the preparation period of the CC orientation camp, where I started off with a dozen question marks on my head, to playing with my jobamas, to what's happening now! Hopefully, you would enjoy your time with Sempiternal's jobamas along with playing with CC!

Don't fear entering university! There is a lot of stuff you could participate in during your uni life. Ever heard of the 'five things of uni'? This certainly wouldn't bore you! But as crucial as exploring different things, please also remember to have the courage to find things that suit yourself! As the house captain, I would say that being in society was a fruitful experience, and if it wasn't for the group of friends beside me, I would have suffered immensely (skjk). Looking through the year, a lot of ups and downs happened to me too, and made me learn a lot too. Just like me, there should be no fear for you; me and my jobamas would definitely support you guys, no matter what problems or worries you have!

If there was a word to describe us, I would definitely use the word "chill". Our jobamas are very fit; they would always jam the big group room to play! We would sing karaoke and play board games together, and we have dozens of deep talks and conversations about life (ok also a lot of inside jokes kekekeke)

At first, a lot of us didn't have much idea of what jobama is, but as the training camps gathered us together, we got a better image of what we have to do, making me a happy happy bear. As much as we have our ups and downs during this time, we would always have the idea that we were a team, allowing us to solve different problems that we encountered. We would truly understand that you guys may be scared to ask us, but we are family!! We would help you guys solve your problems, provide our best advice based on our experience, so feel free to ask us!

Hello everyone! I am Ar Long, the house captain of Ronin! Welcome to the Chung Chi Orientation camp 2022. This is the third year for me to participate in this camp. It all started from me participating as a freshman, then I became the core member last year, now, I am one of the members of the executive committee. My attitude changes as my identity changes. For this year, I hope that I could not only enjoy the camp and meet new friends, but also hope that the camp could be organised successfully. I wish that everyone will find this camp meaningful and fun.

During the camp, the helpers of Department of Training will accompany you in a variety of activities including Main Theme, Group Activities of Ronin, Houses' Forum, Adventure and Hunting. Hope this camp helps you fit in at school and Chung Chi.

This camp plays an important role for all freshman to adapt to Chung Chi. You meet new friends and may find suitable roommates for the coming year to enjoy hall life together. Besides enjoying your hall life, you may also participate in different Chung Chi activities together in the following years, or even become one of the helpers of orientation camp in the year of 2023.

Our university life is so precious which we should cherish the time we have in campus. Everyone has their own preference in how to spend these years in university. However, I would highly recommend all of you to try to participate more in different Chung Chi activities. I believe that you will make precious memories with all the friends you meet. By sharing happy moments and overcoming tough times together, you might even build life-long friendships. Why not try to step out of your comfort zone and give it a try? Even though you may have both happy moments and times that you might find it suffering, for me, I really had a great time and developed good friendships in these activities. Moreover, I even tried things that I have never ever tried before, for example in Adventure 70, we made decorations for our own haunted house together. My leadership skills improved after participating in this activity, what's more, I even learnt how to use a wood saw while I made a light wall with my friends!

Hope you all have fun in these three days and hope to see you all in the upcoming Chung Chi activities! Feel free to chat with me whenever you're free! I'm a nice guy haha, so just feel free to find me whenever you like!

Human Resources  
Toilet Paper FN5C/3

Publication  
CHUR COMM/3

Hellooooo everyone, I'm the Human Resources (Sponsorship and Camp Affairs) for this year ocmap. You can call me kkkkmake, aka toilet paper (= ㄨ ). First of all, welcome you to the family of Chinese University of Hong Kong. Chung Chi college is a fun place! Have feel!!!! As a CUHK crazy man, I don't like to talk so many old man stuffs, I just want all of you can enjoy this ocmap and play hard as you can!!! :D. During 4 years of university life, just do whatever you want to do. Some of you might want to play throughout these 4 years, some of you might want to attain a high gpa, no matter which type of person you are, there must be someone in Chung Chi supporting you. As 100 people have 100 different kinds of university life, so lets gooooo. Hope everyone can find a place in Chung Chi that suits you the most. Hope you guys will say hi to me when you see me in Chung Chi. Hope everyone stays healthy and drinks more water!

Hiii freshman babysssss <?? im chur :)) The girl who once said she won't be designing stuff, but end up sleep deprived again from designing this yr xsighx :,,) To put my Uni life in one word: HECTIC, yet full of surprises. Here, we are given infinite opportunities to discover ourselves, so im pretty sure you'd find yourself doing stuff that you couldn't imagine now. Anywayyyyyy, just rem this campbook and the souvenirs your got is designed by me (late night hustle: o) Please dun throw those away T-T Hope you have a good time here and see you in CC!!

Main Theme  
Sea Monster BMSC/3

My name is Actor, or you could call me Water Monster or Sea Monster lol. It is the 3rd year for me to organise Chung Chi College Orientation Camp, it is a amazing and wonderful journey for me! And I believe that this year should be the "Final Episode" for me as a university student! However this year is the first episode for all of you! Enjoy the university life in CUHK and seize the life in Chung Chi College, I believe it should be an amazing one for all of you! And hope you guys will enjoy this year Maintheme and hope you guys will love it!

Secretary JOYCE PSYC/3

hellooo nice to meet you all! (▽` ) It's our pleasure to have you all joining chung chi ocamp!! Hope you all enjoy the camp and be able to take away precious memories between you and chung chi(〰) To me, chung chi is a unique place in which I have a strong sense of belonging. You would soon find chung chi special, be it people, activities or culture. Additionally, we truly hope that you all can feel our enthusiasm for the camp as well as our care for all of you. Considering the fact that all ocamp committee members and helpers have worked days and nights and devoted much time and energy just to prepare the best of themselves and the camp for all of you, please make every endeavor to enjoy and have fun! (≥▽≤) As we are going to have a very packed schedule, please take good rest at night!! We would be thrilled if you could have the incentive to join ocamp again next year to pass on the college tradition and spirit (●\_●) Last but not least, we wish you all good health and high gpa!! (6\_7w\_0)

Financial Secretary  
ALICE SOCI/4

Hi guys! I'm the financial secretary for this year, in another words, the master of tea is in the committee. Major in cc ocamp! You can call me Alice and my new nickname is feshball! Being a gofer in the committee, I am responsible for all financial issues. But at the same time, I am a leng rui from manguen also haha:?) (well, actually I have to organise ccfp, handle my ccfp and major fyp also! (〰) what a busy life) sometimes I think I am a superwoman that doesn't have to sleep, but for an ordinary humankind, I'm still afraid of being bored (●\_●) anyways! Welcome to Chung Chi!!! Here is a big family! Hope you enjoy the activities we prepared for you these days. While ocamp is just a grand opening of your fruitful university life. As a master of srq jong (professional organiser of school activities), I strongly recommend my dearest freshman babies to cherish every chance of organising different school activities. (Though you have to remember to take care of your academic work too haha:?) Btw, the most important thing is that you enjoy your university life and try to take more from these 4years!! Love u guys:???

# 集训 Training

The Department of Training chose 72 students who have enthusiasm, vision and a sense of responsibility among all Chung Chi students, and train them to become qualified student helpers. They are the ones who have closest contact with freshmen among all student helpers. Therefore, the Department of Training provides an array of training activities from which the personal qualities and attitudes of helpers are enhanced and rectified, so that the helpers are able to lead and assist freshmen as well as to bring out the main theme of the Orientation Camp. Additionally, the identity of student helpers will not end along with the Orientation Camp, they will continue their tutoring work and accompany freshmen throughout their university life.

# Structure

The Department is formed by a Vice-President and 4 House Captains who are all Executive Committee members of the Orientation Camp. Every Big Group is formed by 18 student helpers, 6 of which are core student helpers. There will also be 6 small groups under every Big Group, with 2 helpers and 1 core helper in each small group.

## Aims

1. Illustrate the structure and mechanism of the department to all members of the Department of Training, including Executive Committee members of the Camp and student helpers, hence helping them to understand their roles and work.
2. Boost understanding of communication skills and situation of the Chung Chi College among House Captains and student helpers.
3. Foster friendship among Executive Committee members and student helpers as well as to culture team spirit within the department through training activities.
4. Train the abilities of House Captains and student helpers on illustrating the theme of the orientation camp to freshmen.

# Theme of Training 2022

皤  
翊  
霏  
晞

This year's four major groups are composed of the four characters "皤翊霏晞". These four words revolve around hope and blessings for the new life. Freshmen are not only just entering university life, but also just grown up. They face a lot of confusion and hesitation, or even bewildered about their role in life. This year, we hope to give new students a direction through the four characters of "皤翊霏晞", so that they can think about their upcoming university life.

"皤"(Ho) means pure white and bright, just like the bright moon shining in the sky. The message is that the freshmen can be like "皤", be open-minded and have a clear conscience. At the same time, we also hope that they can make good use of the resources provided by Chung Chi, to participate in different activities to equip themselves well, and later be able to serve and give back to Chung Chi and the society, just like the moon receives sunlight and selflessly illuminates the earth at night.

"翺"(Yik) means soaring. We hope that every freshman can seize the development opportunities in Chung Chi, cherish every opportunity to learn and grow, seize the opportunities in the next four years, and hope that all new students can shine in their posts in the future and make full use of their strengths. Just like a majestic bird spreading its wings in the air.

"濤"(Wang) refers to the appearance of water flowing, quiet and deep, and can also be further interpreted to mean bottomless. Every new student has endless, untapped potential. The counselors can play an active role, observe and appreciate their ideas more, and help the new students to establish self-confidence and find their own development direction. At the same time, water is the source of life. It nurtures nature and flows endlessly. Just like Chung Chi will nurture every new student and make them future social pillars.

"晞"(Hei) means dawn and hope. The ocamp plays an important role in the adjustment of freshmen to university life. The training department hopes to give them a reliable image, and at the same time serve as a role model for freshmen to learn and rely on, just like leading them to the dawn, step by step towards their goals. At the same time, we hope that all freshmen will actively participate in the activities of the college, and while enjoying university life, they will also bring new sparks and breakthroughs to Chung Chi.

Even if the new students face challenges such as changing environment and identities, as long as we work together to help them, we will be able to turn crises into opportunities. The Chung Chi family will be their safe haven and backing to help freshmen achieve their goals.

# clarice

Once upon a time, there was a house keeper aka cleaner—Ah Rex, who liked scrambled eggs with tomatoes. One day, he had a sudden thought: why don't the eggs of this dish could not be the onsen one? Therefore he put some raw eggs into a hot spring, and planed to fry it with tomatoes a few days later. At that night, a falcon flied across and laid 18 eggs into the spring from the sky. In the second day morning, Ah Rex took those eggs mistakenly back to his home and got ready for cooking. When he was about to beat the eggs, all 18 eggs hatched and recognised Ah Rex as their mother. Being guilty of taking away others' child, Ah Rex determined to bring them back to their parents and embarked on a long journey full of unknowns.

Over the past few chaotic years, 2022 doesn't seem a lot different from them. But not for Ronald, who considers this year as the most important year of his life. In late May, Ronald found a dragon called 'Leriathan' in the sky. In order to capture it, he had to accomplish a mission: Move on from the past guilt and look forward for the future. As a guy who highly values the past rather than the future, this surely is a tough task for him. Therefore, he had found 18 guys who are good at moving on from the past to help him. After training from day to day, Ronald finally finds his way to drop the bad memories. When the summer begins, Ronald shares Leriathan with his 18 friends and fly around the world...but guess when will they get back on the ground?

# Leriathan

# Sempiternal

Once upon a time, an explorer was unintentionally rummaging through the bushes of a deserted island as a normal expedition where he suddenly observed a weakly glazing object. Upon further inspection, he realised that it was no random feather- in fact, it was faintly radiating on its own, as if granted a piece of its broken soul, yet delicate as a silky cobweb. The explorer gently picked it up, admiring its delicate nature when he then found another weakly glazing object in the far distance. This picked up his interest, walking towards that light only to find another fragile feather. Again picking it up, he was continuously finding different traces of glowing feathers, picking it up as if he was in a trance; those feathers were hypnotising the explorer to continue his adventure to a grand discovery.

In no time, he was able to discover 18 feathers, until he suddenly observed a phoenix in a distance. No, it was not in its exhaustive state; he was sick, very sick. Almost at a state where he was heavily injured, on its last breath. The feathers were chanting at this point, telling him to save the injured phoenix. The explorer was running towards the waters where the phoenix was located, assisting in its flight towards Ma Liu Shui.

However, on its flight to Ma Liu Shui, the explorer used up all his might, to a point where he was not able to assist the flight of the phoenix, by the time he was dropping the phoenix down, he was not able to safely descend him down, causing the phoenix to fall in a 'thump', killing them both instantly, causing a stream of chaos around the place. A disturbing flow of silence doomed the area, mourning the loss of such a brave explorer and the fall of a mighty creature.

As the crowd were mourning the disaster, suddenly a ball of energy was passed to the centre of the chaos. Gradually, enough energy was gathered in the remains of the disaster, where the corpse of the explorer and phoenix suddenly floated in the air. Strands of energy blasted towards the phoenix. Slowly but steadily, the feathers in the hands of the explorer floated towards the phoenix, covering up and recovering the injuries on its creature, piecing the phoenix back, allowing a rebirth to occur. As the phoenix recovered, the crowd observed, as if a miracle happened in front of their eyes. After the rebirth of an astounding immortal, it flew into the far distance, nodding back to the crowd as a last farewell.

Once upon a time, there was a ronin from Mars. Somehow, he stumbled and fell onto your Earth. He wandered around in your Earth and met many new people. Yet, they all told him that Earth was dangerous and he should go back to Mars ASAP. He has met Fire Ga Ga, a frog, an elephant, a lion, and last but not least a bald samurai. That samurai took him to a mountain. Inside that mountain, there was a temple, with a monk. The monk told him a story: once upon a time there was a mountain. Inside that mountain, there was a temple with a monk. Suddenly, the monk sang, "Only you, can take me to get the scripture from the West Heaven. Onnnnnnnlllllllyyyyy youuuuuu." The monk then proceeded to take him to get the scripture. "One must first gather 18 crabs in order to get the scripture," said the monk. Thus, on his way to the West Heaven, the ronin deliberately stopped by a beach. Coincidentally, he witnessed Moses parting the Red Sea and found 18 poor little crabs wandering around, homeless. Therefore, he took the 18 crabs with him on his journey to the West. They walked day and night, and finally reached their longed destination, only to find out that the scripture is inside a temple. So, they went and sit inside the temple and whenever the sun rises, the crabs would go like, "Yuuuuuuuu.....". Thus, the birth of Ronin and the 18 silly crabs. Those 18 silly crabs will carry on their journey, gathering more and more freshmen to become silly crabs and together they shall embark on their journey for the scripture.

Ronin

# 文 會 ManSuen

*In Chung Chi ocamp, freshmen must have seen a group of handsome boys and beautiful girls wearing a bright yellow t-shirt with the word "ManSuen" imprinted on the left side of their chests, and carrying the Chung Chi banner. I believe that you will all suddenly wonder who is this group of people? They are all ManSuen big brothers and sisters!*

*The full name of ManSuen is "Recreation and Promotion Department". Our ManSuen big brothers and sisters are responsible for entertaining everyone and promotion! Let's talk about promotion first. If you came to the CUHK Orientation Day and entered the Chung Chi classroom, it is our ManSuen big brothers and sisters who answered your questions about Chung Chi, so that all freshmen can understand the good place of Chung Chi!*

As for recreation, the three divisions of ManSuen, "Nikki", "Genki" and "Vshow" will bring endless joy to everyone during the three days of ocamp! Nikki is in charge of welcoming, treasure hunting and "Up to the mountains"; Vshow is in charge of making a wonderful short film; Genki is in charge of two mass games. ManSuen implements the spirit of "entertaining others and entertaining oneself". In addition to making the freshmen have fun, it is more important to exchange the helplessness, embarrassment and pain of freshmen for our happiness, haha! If you feel the same way in these three days, then our mission has been successful! Finally, please prepare yourself, warm up, stretch your muscles, and play with ManSuen big brothers and sisters!

# 歷奇 NIKKI

What exactly is Nikki responsible for? Our Nikki babies will prepare two major activities for the freshmen in the 2-day ocamp: welcoming and treasure hunt! It is rumored that there will be a big brother who looks like a Super Saiyan, and will lead the Nikki babies to tour Chung Chi with you all. I hope everyone can devote themselves to Big O through this activity, and most importantly, have fun!

Entering Chung Chi will never make you bored! You can see a variety of diverse and fun societies and activities that you can experience one by one! This novel and exciting large-scale fake market event is full of surprises. If you are complete with both academic and martial arts skills, how can you miss this interesting welcoming event?

接生  
welcoming

Treasure hunt  
尋寶

Legend has it that Chung Chi has four babies with different characteristics. Each of them has their own representative color and is also a little devil who is in our hearts. The time to appear is daytime, and the time to hide in the mountains is the night. When they got awake, they were looking for their favorite strawberry milkshake. If they didn't drink the milkshake, they would be so hungry and stupefied! In order to satisfy the four hungry babies, you must successfully challenge the hiding places of the four babies within the specified time, so that you can get the power of the sun to summon the belly ware. That's how you can tap out the precious treasure (strawberry milkshake) and use energy to wake you up in the real world. Is there a group that can pass the test and turn on the belly ware together?

# 競技 GENKI

Curious about how is Genki in the past? I would say that it's a great atmosphere accelerant every year! In the past, Genki was responsible for the preparation of three Mass Games, such as Angry Bird: FM used a launch pad to shoot into many targets. Quidditch: FM drops the Quaffle into the gantry with the broom between his feet. Table Football: FM can only move laterally in the table football, and compare the number of goals scored. Two big groups compete on the same field. It is a best-of-three game. The winning group will win prizes and the Genki shield! In addition, we will also teach FM the campfire dance. We will also sing and dance together. Our Genki helpers will prepare two mass games for freshmen, which will be held on the second night of Ocamp. After that, on the last night, all FMs and helpers will gather in CC Can to dance campfire together, pushing the atmosphere of Ocamp to the highest level.

This year, we will join hands with the treasure hunt to become two checkpoints in the treasure hunt. We will prepare two mass games for FM to play: **Quidditch** and **Bowling**. The number of people is fewer than before, but the scale of the game continues unabated! Let's wait and see!

# 晚會 VSHOW

*If I were to sum up this year's Vshow in one sentence, I would say that it's a group of cohesive people who made a wonderful short film and played it to the freshmen on the first night of ocamp.*

*Vshow is different from other drama clubs, because our scale is limited, so there is no detailed division of labor. Every year, there's no designated position for the helpers, and the only requirement is to devote themselves to their work and enjoy it. Every year people have different talents, and each year's vshow is tailor-made for this group of people, so each year's vshow is unique.*

The MainTheme Department is formed by 1 executive member and 8 core members. They all aim for a perfect MainTheme!

In 2022, there is a dramatic and wonderful change in Chung Chi College Orientation Camp, which is the birth of New Generation MainTheme. MainTheme 2022 is different from previous years. Interesting and meaningful storyline and plot is introduced, various games and events are included and chances to have dialogues and know more about your buddies are provided. There will be amusing moments, meanwhile deep reflections will be conducted also! Let's review the past, seize the present and be positive for the future! Through MainTheme, we will know each other better. And so, we surly will have a happy and meaningful time!

Episode 6: Sing for All the Time!

Episode 7: Future Connected with Memories and Present

Episode X: The Unknown Future! Buddy Go!

# 内政

## Internal Affairs

You see us from behind when you're playing, eating, leaving, but never from the front. Why? Because we, the department of internal affairs, is in charge of things before events start and after events end! From the venue you used, food you ate, the t-shirts you wore, to the camp book you're currently reading, are all managed by us! Hehe!

Although we may come and go quietly, a little "thanks" can definitely light up our hearts if you ever run into us~

# The 71<sup>st</sup> Chung Chi College

What is the 71st Promotion?

Our department will be working together to turn the Chung Chi Campus into a sci-fi atmosphere, promoting the 71st Chung Chi College Founders' Day Student Festival!

We will also build a big Chung Chi College Flag for our dearest Chung Chi-ers for photo taking. Other than that, we will perform dance shows in different activities, "demonstrating beats" and the "Chung Chi Folk Song"!

What are you waiting for? Come and join us in the 71st Promotion!

PROMOTION

What do you think hell is like? If you are curious about that, come and join the adventure 71 at CC Canteen! We will provide you a trip to hell and send a chill down your spine. See you in the hell!

ADVENTURE

The Campus Run is finally back after two long years! The theme of this year's Campus run is going to be Rick and Morty: The multiverse.

The very second you step onto the Lingnan Stadium, we will bring you on a fantastic journey through all the infinite universes.

Join the great adventure with Rick and Morty.

Don't forget to sign up for the out of this world experience!

## PUBLISHING & DESIGN

Welcome to CCFD 71! We are the department of design & publishing. For CCFD71, we are going to set up a photo-taking night. We are looking forward to a brave and innocent soul and inviting you start the novel journey to a whole new world!

## CARNIVAL

♪ Where is the land beyond the eye that people cannot see? Where is the path to Wonderland? Over the hill or here or there? ♪ Situated at Pond Crescent, the 71st Carnival will celebrate our college anniversary with the theme of "Alice in Wonderland". Come and join us in dancing, preparing decorations and souvenirs, or designing game booths for our fellow Chung Chi-ers. We can't wait to see you!!!

## PARTY

In your mind, what does party mean? Do you wanna spend one day with your friends, forget all the nonsense in your boring life? Enter a brand new universe without anyone knows? Come and join party 71! Dress up yourself, create your own virtual icon. Get up into a fancy spaceship to META, spend your time with us like the real world doesn't exist!

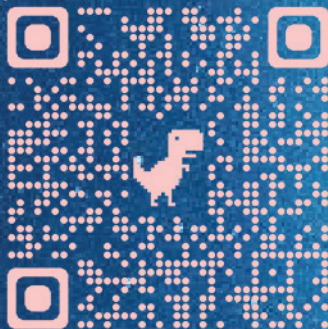

## THOUSAND PEOPLE FEAST

Thousand people feast held every 10 thousand years. Only the best adventurer can join the feast. Adventurers with talents compete with each other to win the fantasy award. Does it sound amazing? We can't wait to see you. Come and join us!

## SIGN UP

Highest and greatest gratitude to the following parties, for supporting us to organise the orientation camp

Chung Chi Student Orientation Committee
